Bloc/ country	Topic	Issue	Position
EU	Footprint	Halve the footprint of production and consumption by 2030	High priority
Finland	Footprint	Halve the footprint of production and consumption by 2030	High priority
France	Footprint	Halve the footprint of production and consumption by 2030	High priority
Germany	Footprint	Halve the footprint of production and consumption by 2030	High priority
Colombia	Footprint	Halve the footprint of production and consumption by 2030	High priority
Peru	Footprint	Halve the footprint of production and consumption by 2030	High priority
Japan	Footprint	Halve the footprint of production and consumption by 2030	High priority
UK	Footprint	Halve the footprint of production and consumption by 2030	High priority
Switzerland	Footprint	Halve the footprint of production and consumption by 2030	High priority
Bolivia	Footprint	Halve the footprint of production and consumption by 2030	High priority
New Zealand	Footprint	Halve the footprint of production and consumption by 2030	Support
Australia	Footprint	Halve the footprint of production and consumption by 2030	Support
Georgia	Footprint	Halve the footprint of production and consumption by 2030	Support

Norway	Footprint	Halve the footprint of production and consumption by 2030	Support
--------	-----------	---	---------

SIDS	Footprint	Halve the footprint of production and consumption by 2030	Support
------	-----------	---	---------

Kenya	Footprint	Halve the footprint of production and consumption by 2030	Support
-------	-----------	---	---------

India	Footprint	Halve the footprint of production and consumption by 2030	Support
-------	-----------	---	---------

Pakistan	Footprint	Halve the footprint of production and consumption by 2030	Support
----------	-----------	---	---------

Bangladesh	Footprint	Halve the footprint of production and consumption by 2030	Support
------------	-----------	---	---------

African Group	Footprint	Halve the footprint of production and consumption by 2030	Does not support
---------------	-----------	---	------------------

China	Footprint	Halve the footprint of production and consumption by 2030	Does not support
-------	-----------	---	------------------

Costa Rica	Footprint	Halve the footprint of production and consumption by 2030	Does not support
------------	-----------	---	------------------

Mexico	Footprint	Halve the footprint of production and consumption by 2030	Does not support
--------	-----------	---	------------------

Chile	Footprint	Halve the footprint of production and consumption by 2030	Does not support
-------	-----------	---	------------------

Uruguay	Footprint	Halve the footprint of production and consumption by 2030	Does not support
---------	-----------	---	------------------

Malaysia	Footprint	Halve the footprint of production and consumption by 2030	Does not support
----------	-----------	---	------------------

Russia	Footprint	Halve the footprint of production and consumption by 2030	Does not support
Brazil	Footprint	Halve the footprint of production and consumption by 2030	Oppose
Argentina	Footprint	Halve the footprint of production and consumption by 2030	Oppose
South Africa	Footprint	Halve the footprint of production and consumption by 2030	Oppose
Sudan	Footprint	Halve the footprint of production and consumption by 2030	Oppose
Paraguay	Footprint	Halve the footprint of production and consumption by 2030	Oppose
Indonesia	Footprint	Halve the footprint of production and consumption by 2030	Oppose
Guatemala	Footprint	Halve the footprint of production and consumption by 2030	Oppose
